

## Outdoor & Wilderness/Search and Rescue (SAR)

### Products for signaling, safety and survival.

Orion is the world's largest manufacturer of flares and other signaling and survival products for use in outdoor safety and wilderness safety, including search-and-rescue activities.

We have nearly a century of experience in designing and manufacturing the world's safest, most effective emergency flares and other products designed for use in extreme environments – all quality-engineered and manufactured in the U.S.A.
