

Wildfire Signaling and Forestry Safety Products

Orion is the world's largest manufacturer of flares and other signaling products for use in wildfire and forestry management. We have nearly 100 years of experience in designing and manufacturing the world's safest, most effective emergency flares and other products designed for use in extreme environments ... all of them made in the U.S.A., UL approved and DOT compliant.

As just one example, we're the leading manufacturer of backfire torches in the United States, and the primary supplier of backfire torches to the United States General Services Administration (GSA).
